Abe started in: "I say, boys, I've received a letter from a friend of mine who during the attack on Santiago was struck in the back of the head by a Mauser bullet, and only yesterday that bullet came out through his mouth." THE PUBLIC LEDGER has ever sought to promote Maysville's prosperity and growth, and is now preparing an edition of 7,000 copies, to be published in connection with the coming Tobacco Fair. August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at J. C. Peck's Drugstore. Sold by all dealers in all civilized countries.

The above subject will be discussed by several speakers.

Because of Ointments For Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by E. J. Cheney & Co. Testimonials free. Sold by Druggists, Price 75c per bottle. Hall's Family Pills are the best.

Tabler's Buckeye Pile Ointment is the only remedy for blood, bleeding or protruding piles, induced by physicians; cures the most obstinate cases. Price 50 cents in bottles; tubes, 75 cents. J. Jas. Wood & Son.

The crew which Capt. Moren took to the three barges left at Nine Mile by the Fallie was provided with three-inch oak planking, with which it was the intention to sheet the outside of the one barge which is reported in the worst position. The other two barges are said to be uninjured. After the heavy coat has been applied about 1,000 bushels of the coal will be removed, and it is believed the barge will then float off with the first water.

So far as has been learned the Rees Lee, which grounded forty miles below St. Louis on her first trip from the Tennessee river to St. Louis, is still where she stopped, though the Cherokee was sent down to her relief. The Rees Lee is one of the new boats built by the Lee Line since the fight between that line and the Tennessee Packet Company began. It is regarded as particularly tough luck that she should have stranded on her very first trip.

What a chance for an essay or sermon on that subject. Little things are the most important. It is the little things that make life happy or miserable. It is the little things in the Bakery or Confectionery Business that we look after.

Buy Clothing of Us!

Remember, the carpenters take possession of our rooms on the 15th. Come before that time.

ABOUT CHOOSING

FURS!

A safe fur store must have more than honesty—it must have knowledge too. If you find after a few months wear you were deceived in a fur, it's poor comfort to know the dealer was deceived too; for you pay for his ignorance. Therefore the greater need to go where knowledge and honesty walk hand in hand, as here. Our fur stock is right and worthy—the scarf at a few dollars as well as the more important pieces at triple the price. Electric Seal Garter Scarf, eight full fox tails, \$4. Black Marten Cincter Scarf, eight full tails, \$6, \$7, \$8, \$10. Arctic Seal Collarette, "stale" effect, fox tail trimming, \$5.

BLANKET SELLING!

There is one blanket store where the truth is good enough for a label. "11-4" blankets are a myth—eleven quarters of a yard would be 99 inches. The blankets so marked don't measure over 72 inches. We put sizes in actual inches, weights in actual pounds. That is the blanket position here all the year—fairness, exactness. The charm just now is to get trustworthy blankets of all degrees of fineness at real saving in price. Some items—

Good White Blankets, double bed size, 72x94 inches. 5½ pounds. \$3.50 PAIR!
\$4 BLANKETS!
Of pure white wool filling on light cotton warp—only enough to prevent wear and shrinkage. 72x94 inches. 5½ pounds.
Pure Wool White Blankets, pink, blue or red borders. 71x94 inches. 6 pounds. \$5 PAIR!
